JAN 24 2008

Item APP.3 (07-162)
Exhibit 3-A
Meeting BCC ZONING

ALTERNATIVE CONSIDERATION

Property: 18475 SW 216th Street
Miami, Florida

Request: Permit 4 lots in the AU zone properties with less lot area and 1 lot with less lot frontage than required.

The property is located between **SW 216th Street** and **SW 212th Street** to the north. **SW 185 Avenue** runs along its west side.

The property has two zone designations **EU-1** on the corner lot of **SW 216th Street** and **SW 184 Avenue** and **AU** to the remaining property north towards **212th Street**.

This zoning separation between **AU** and **EU** was established back in **1948** then revised in **1951**. The purpose of this separation was express by a commissioner back in 1948 Commissioner Preston, which is part of the public records. As they tried to reason with the public why these land would have these designations.

Because of this, this area has an **AU** designated zone rapped around by **EU-1 Estate** designation, Property owners could establish there residence and have the agricultural use in conjunction with there ownership.

Within the **AU district** there is large portion that have properties smaller that the 5 acre sites required by the AU designation the reason is clear that when the proposed rap around was breached by many subdivisions of land this AU core ended its desired function by the original writers.

The adoption of changing EU- 1a and b to EU-1 cleared the need to own further adjoining land for the purpose of AU with the main residence.

The fact is that,

65% of the land is dedicated to residential non-designated EU-1 estates and 34 % Agricultural.

Please see zone maps and aerial provided.

For the County to recommend a change the requirement is that “ **immediate area surrounding the subject parcel on three sides or more contiguous sides is predominately and lawfully parcelized in a similar manner** “

Our request for the alternative subdivision of land is in line with the trend of change within this district. Our request is no different from the already established properties to the east on SW 184th Avenue with 5 divided lots.

The fact that our property is adjacent to three parcel of land that abut the property that is requesting this change is not recognized by the department, they interpret that it should line or extend passed the property lines on three sides. To exclude our property just because **it's ours** should not be a base for exclusion.

These properties will provide its own septic tank system as others and water softener provision as required by **DERM** regulation and cause a hardship to the county's sewer or water system.

We have entered into a consent agreement with Dade County Public Schools in allocating additional impact fees to remedy the initial cost of our generated 3 students.

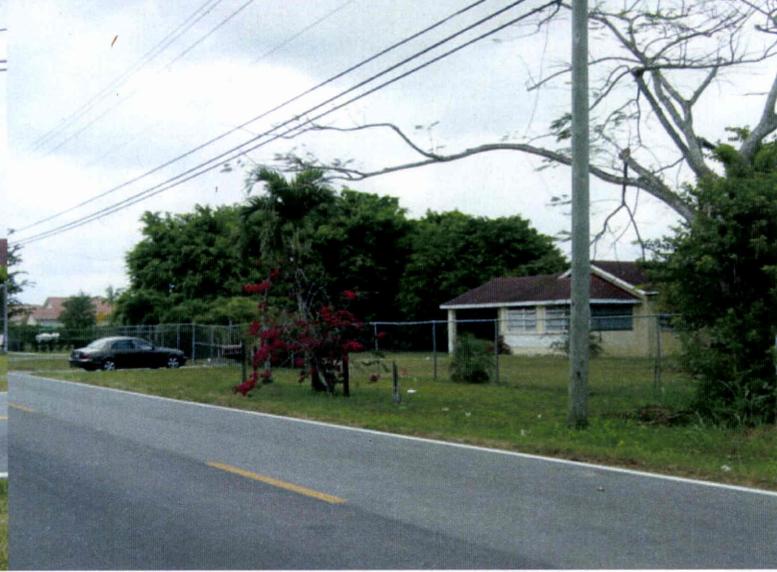

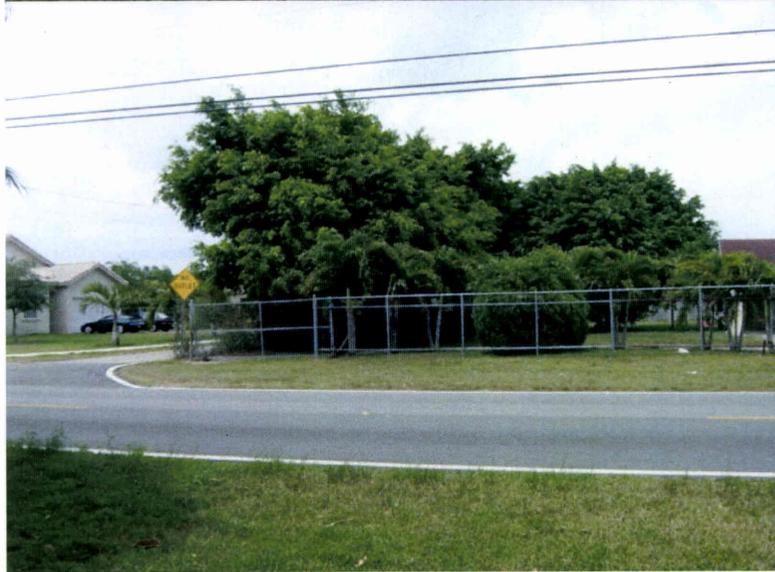

We feel that by factual evidence, intent of the code as written and the placing of subdivided property within the AU core district you have ground to approve the **ALTERNATIVE CONSIDERATION OF**

Request to

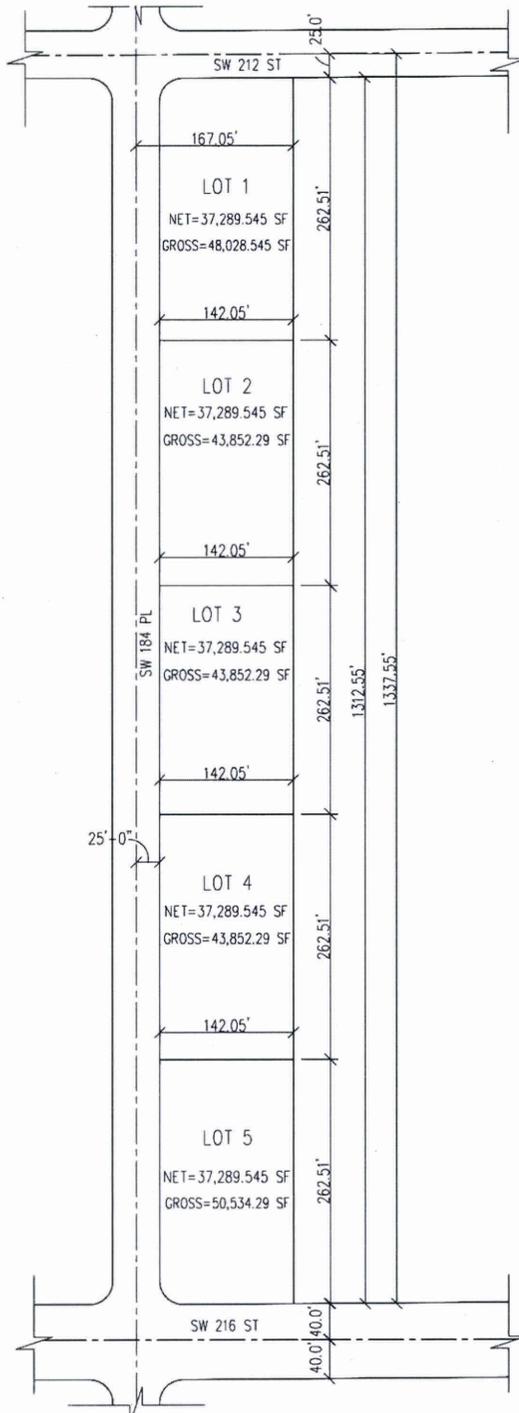

Permit 4 lots in the AU zone properties with less lot area and 1 lot with less lot frontage than required.

And we would accept as a condition all lots to fall under all standards of the EU-1 estate designation.

Subject Property 18475 SW 216 St

Property: 18475 SW 216 St, Miami Fl, 33170

Legal Description: The East ½ of the West ½ of the East ½ of the Southwest ¼ of the Southwest ¼, Section 12, Township 56 South, Range 38 East, in The County of Dade, State of Florida.

Request Change of Zoning

From: AU and EU-1
To: EU-1

Proposed Change

#1, A District Boundary Change (DBC) from AU & EU-1 (Agricultural District and Single Family One Acre Estate District) for the subject property located at 18475 SW 216 St Miami Fl, 33170.

OR

#2, A Non-Use Variance to keep the AU & EU-1 Zoning and be able to subdivide the subject property located 18475 SW 216 St, Miami Fl, 33170 in five lots, of one acre each one.

We the neighbor of the above-mentioned property have no objections to the change of zoning as reflected in plans dated July 12 2007 prepared by Vicente Franco Architecture Structural . As sought by the petitioner.

Item 3 (07-162)
Exhibit 3-C
Meeting BCC ZONING

We support:

- Agriculture
- Conservation
- General Area Improvement
- Pollution Control
- Public Safety
- Tax Control
- Zoning

Dear Honorable Miami-Dade Commissioners,

The Board of Directors of the Redland Citizens Association voted to oppose the appeal of application Z07-162 (07-10-CZ14-4) by Mauro E. Varena. The application was denied with prejudice by Community Council 14 on Oct. 16, 2007. The property is 5.3 gross acres located on the north side of SW 216 St at approximately 184 Avenue. The property is zoned EU1 and agriculture and is approximately 5 miles outside of the UDB. The applicant requests to subdivide the property into EU1 parcels.

The parcel along 216 St is zoned EU1 pursuant to a 1948 zoning configuration that allowed 1 acre lots along some section line roads. This zoning is still in place. The front parcel has a house built in 1954. The balance of the property is zoned agriculture and has an avocado grove. Properties to the east are also grandfathered under the 1948 zoning and have recently been built with EU1 parcels. It is poor planning to extrapolate zone changes on zoning patterns established 60 years ago.

The intent of the section line zoning was to have 1 acre parcels along the roadway and 5 acres in the interior in order to maintain significant pieces of land for agriculture. This application is inconsistent with the intent of maintaining agriculture land. Furthermore, the subdivision into 1 acre parcels is inconsistent with the Master Plan as 5 acres are required outside the UDB. According to the Planning analysis, the proposed parcels do not meet the 3 sided rule for subdivision. The requested variances also bear testimony that the requests are inappropriate and cannot comply with even EU1 standards.

It is our opinion that approval of this application could precipitate other subdivisions in the area.

It is noteworthy that, at the Community Council meeting, the applicant offered to reduce the number of lots and provide one larger lot to appease the neighbors. We do not support this configuration as it is still inconsistent, incompatible and counter to the intent of the Master Plan.

For the reasons cited above and following the recommendations of County staff, we ask you to uphold the decision of Community Council 14 and the recommendations of your Planning staff.

Thank You,

Sidney G. Robinson
Board of Directors, Redland Citizens Association.
