

# Memorandum

**Date:** March 14, 2014

**To:** Eric Silva, AICP, Assistant Director  
Development Services Division  
Department of Regulatory and Economic Resources

**From:**  J.D. Patterson, Director  
Miami-Dade Police Department

**Subject:** Review – Developmental Impact Committee - Zoning Application  
Case: No. Z2014000017 – Advance Learning Charter School, Inc.

---

## APPLICATION

The applicant, Advance Learning Charter School, Inc., is requesting a public hearing for a Special Exception to permit a public charter school facility to be located on 3.4 acres at 17701 NW 57 Avenue. The request would include grades kindergarten through the 1<sup>st</sup> grade and serve up to 125 students.

## CURRENT POLICE SERVICES

The school would be located in unincorporated Miami-Dade County and serviced by our Northwest District, located at 5975 Miami Lakes Drive East, Miami, Florida. Our current staffing allows for an average emergency response time of eight minutes or less.

## REVIEW

A review of the application and related documents was conducted to predict the impact on the Miami-Dade Police Department's (MDPD) resources and the impact that the location could have on the proposed zoning modification changes. A police check of crimes/calls for service of the area was completed and has been provided in the attached documents for your Department.

Current data of police staffing, population, and crimes/calls for service was examined to project any increase in calls for service. Based on this data and due to the nature of the request (school), it cannot be predicted as to any projected increase in calls for service. Experience lends itself to anticipate that when additional citizens are present, traffic increases, and calls for police service will rise. Current staffing should accommodate any slight increase in the volume of calls for service. However, should demand for police services increase beyond current levels, additional sworn personnel, support staff, and equipment may be required to maintain current levels of service. Additionally, it is recommended that the Advance Learning Charter School, Inc. work closely with the local police district command staff in considering security options for the site, especially during high volume times, to include but not limited to, school start/dismissal times and special events.

**The MDPD does not object to any proposed zoning modifications to complete this project.** The applicant and developers are encouraged to work with police during any future application, design, or construction changes to determine the best possible solutions or security options.

In addition to the above comments, the MDPD recommends the following to be implemented if the proposed zoning modifications are approved.

- Install additional traffic control devices on the appropriate streets surrounding the school as necessary.
- Establish an internal system and protocols to locate and identify the residence of any sexual offenders residing within 1,000 and 2,500 feet of the school as reflected in Florida Statute 775.215 and the Code of Miami-Dade County, Section 21.281(a) respectively.
- Develop and implement a parking and traffic plan that includes, but is not limited to, adequate parking during special events, traffic flow, and safe street crossing for pedestrians in and around the immediate area surrounding the campus.
- Meet regularly with residents in the surrounding neighborhoods to discuss and remedy issues of mutual concern.

Should you have any questions or require additional information, Sergeant Keith Hedrick, of the Strategic Planning and Development Section, may be contacted at (305) 471-1990.
