

Memorandum

Date: April 3, 2015

To: Eric Silva, Development Coordinator
Regulatory and Economic Resources Department

From: 
Paul Mauriello, Deputy Director, Waste Operations
Public Works and Waste Management Department

Subject: Monica and Charles Dabney (#15_023)

The PWWM has no objections to the proposed application. The Department's review of the above-referenced item is provided below.

The application requests a non-use variance of setback requirements for a property which contains a single family home. The application will have no PWWM impact or any associated costs.

If you should have any questions, please do not hesitate to contact Stacey McDuffie, Manager, Fiscal Management and Planning Division, at 305-375-1354.
