Re: Modification to Application number: Z2016000012
7538 SW 64th Street, Miami, Fla.

Dear Mr. Harrison:

Please accept this brief letter as our official request to add to the application referred to above a non use variance, simply asking that in the alternative that our primary request will not be granted, which is the change from one 2.39 acre parcel to one EU-1 lot and 2 EU-S lots, the Board will grant three EU-1 lots, even though 2 of the lots would be non-conforming, since they do not have the size required for the EU-1 zoning.

Attached is our check for \$792.05 which is the required payment for the addition of this request; please attach this letter to our file.

Best regards,
Angelo G. Rodriguez
