

Memorandum

Date: May 2, 2016

To: Nathan Kogon, Assistant Director
Regulatory and Economic Resources Department

From: 
Paul Mauriello, Deputy Director, Waste Operations
Department of Solid Waste Management

Subject: Towercom V111, LLC (#16_039)

The Department of Solid Waste Management (DSWM) has no objections to the proposed application. The Department's review of the above-referenced item is provided below.

Towercom V111, LLC is requesting an unusual use to permit a wireless communications facility and a non-use variance of setback requirements from the subject property line. The application will have no DSWM impact or any associated costs.

If you should have any questions, please do not hesitate to contact Stacey McDuffie, Manager, Intergovernmental and External Affairs, at (305) 375-1354.
